i. **History of the Institution** – Ursuline Primary Teachers’ Education College , Lohardaga came into existence on January 1st 1912. The establishment of a Primary Teachers’ Educational College was an absolute necessity to meet the educational needs of the state of Bihar (Now Jharkhand) . So in order to meet the growing needs of young women of chotanagpur, the college was established . It is managed by the Ranchi Ursuline society and is administered according to the provisions of Article 29 and 30 of the constitution of India .

ii. **Vision Statement** – We, the Ursuline Sisters of Tildonk in India, are called to be contemplatives- in –action, walking on the way of Jesus in solidarity with those most in need. Following the spirituality of St. Angela Merici and Fr. John Lambertz, we are inspired to read the signs of the times and to listen to what the spirit is telling us in the present context of India. We find that rapid technological changes have created a world marked by opposites, globalization, religious, fundamentalism, consumerism and ethnic, nationalism are powerful forces confronting us today. The media has a great impact on the lives of our students. The privileged classes want to maintain their privileges.

We also see poverty, illiteracy, exploitation, especially of women and children, terrorism, casteism , religious persecution , economic marginalization, environmental degradation and displacement of peoples.

St. Angela’s love for God and Fr. John Lambert’s deep faith in Him remain as a dynamic force in us to encounter the down- trodden with the compassionate love of the father, to liberate them and give them the hope of a new life. Through our ministry of education, we are called in a special way “That they may have life, and have it in its fullness” (John 10:10). True to the charism of our Founders we discern and respond to the changing needs of the people.

Our ministry of education aims at accompanying persons towards fullness of life and their integral development, especially those belonging to the marginalized and exploited sections of the society. This ministry demands of us all a high intellectual standard and a value system to find meaning in life. Through education , We strive to enable people to become effective agents of social change to be persons with and for others.

Therefore, we will focus on the following points:-

- We guide our students to an awareness of God through spiritual leadership, preparing them for an adult response in faith .
- We provide systematic religious programmes & opportunities for students to integrate their faith , and culture with daily living.

- An Ursuline College is a home where every student is loved and respected . Therefore, we foster universal solidarity movement of value education for peace in the religious, social and cultural context of India today .
- Along with our collaborators we accompany the youth of times and commit ourselves to provide an education that will enable them to be physically strong, intellectually empowered, emotionally mature, spiritually nurtured and sensitive to social issues .
- We promote education for improvement of girls and women, in order to build up a health family , community and society .
- We , through our ministry of education , are called to be reconcilers in a fragmented world

iii. Mission and objectives - The main objectives of Ursuline Primary Teachers' Education College are :

- To train the students to become effective and committed teachers who are spiritually integrated and women leaders of character.
- To offer the youth such an education for life that walking in the path of truth, love, justice and peace they become promoters of progress in the country . In its academic and co-curricular activities, the college aims at the following %-
- To acquaint the trainees with human and moral values, so that they may live the present and future with confidence by making right choices of these values.
- To bring harmony between their faith-life and demand for justice.
- To let them experience that fidelity to their commitment depends Upon the vitality of their confidence.
- To train the trainees in such a way that as truly committed and collaborative teachers, they may contribute towards the building up of a new society through new technology and social changes.

To educate the girls and young women in a spirit of **SERVICE TO THE HUMANITY IS THE MAIN AIM AND OBJECTIVE** of this institute.
